

September 19, 2017

Together, we support the election of Damon Martinez for Congress. His collective experiences as a native of New Mexico, his military service, his education at the University of New Mexico, his career as a local attorney and his former position of United States Attorney of the District of New Mexico more than qualify Mr. Martinez to represent the people of New Mexico. He has proven over his career that he truly cares for our communities.

We were both privileged and honored to work beside him during the HOPE Initiative where he was instrumental in facilitating collaboration and bringing together key stakeholders in the campaign of awareness and education related to the opioid epidemic. His election to Congress would allow for the amount of work that has been done thus far to expand and grow to reach a higher level of government.

Again, we support the election of Mr. Martinez in the hopes of continuing our collective efforts to make a difference in the lives of New Mexicans which will allow the momentum of change we have seen over the past several years.

Thank you,

Jennifer Weiss-Burke & Lou Duran  
HOPE (Heroin Opiate Prevention & Education) Initiative in New Mexico
